THE CADOGAN, A BELMOND HOTEL, LONDON UNVEILS NEW LONG-TERM PARTNERSHIP WITH A-LIST FACIALIST TERESA TARMY

JULY 2023 - The Cadogan, A Belmond Hotel, is delighted to announce a long-term partnership with super facialist Teresa Tarmey, to launch this August 2023, in The Cadogan's luxurious Treatment Room. Set among elegant Victorian homes and designer boutiques, The Cadogan is a grand London residence with an intimate characterful spirit, on the crossroads of the capital's most stylish neighbourhoods; Chelsea and Belgravia. Teresa Tarmey has long been the expert of choice for an incredible array of A-List celebrities and beauty aficionados, seeking a results-driven approach to skincare. Residents and visitors can now experience Teresa's cult treatments in the intimate surroundings of The Cadogan, on the heart of Sloane Street.

RESULTS-DRIVEN TREATMENTS

British-born and with over 25 years of experience, Teresa is one of Vogue's most talked about facialists, her ethos combines innovative techniques with state-of-the-art technology. Teresa's world-class treatments are relaxing while delivering visible skin improvement, designed to address signs of aging, achieve a rejuvenated glow, or simply to take a moment of skin-serving self-care.

Launching this August, the new and exclusive menu will include Teresa's most sought-after treatments from her flagship boutique, with 14 options to choose from, the incredible line-up targets both face, body and neck.

Treatments include; Teresa's **Advanced Facial** (60-minutes) designed for skin congestion and pigmentation, one of Teresa's best-selling treatments for all skin types, includes: light peel, extractions, lasers, micro needling and LED, her **Advanced Neck Treatment** (60-minutes) a transformative targeted treatment to help tighten and resurface the skin on your neck and her **Cosmelan Peel** (60-minutes) the ultimate treatment and solution to moderate for severe skin discoloration. Cosmelan is a chemical peel that gets active ingredients straight into the cells producing excessive pigmentation.

Teresa's popular selection of skincare products will also be available to purchase from the hotel, allowing guests to extend their newfound glow and rejuvenation. The current range includes a tightly edited selection of key topical applications and Teresa's signature micro needling kit.

EXCLUSIVELY AT THE CADOGAN

A new, first-of-its-kind body treatment has been exclusively created for The Cadogan, designed to alleviate post-flight puffiness or to give an extra special boost for a pre-party fix. The **Tri-Body treatment by Elyane Gullis** uses a rare combination of lymphatic drainage to flush out toxins and reduce bloating, with radio frequency for muscle tone and building collagen, and ultrasound to help clients feel lighter and more sculpted. The treatment will be available on Saturday's only, with a starting price of £260.

Following many years of passion for skin from the décolleté and up, recently Teresa sought out body treatment for water retention and the results blew her away – inspiring her to create a unique treatment combining the entire body and face for total rejuvenation and sculpting.

The Cadogan's luxurious Treatment Room is cocooned on the lower ground floor of the hotel. Recently refurbished in 2019, the space offers hotel residents and city dwellers a tranquil escape from the hustle and bustle of city life.

Teresa Tarmey comments *"Working with Belmond is a dream come true. I am so thrilled to be partnering with the stunning Cadogan Hotel this coming July and embarking on this long-term partnership".*

celebrities and influential men and women from around the world. Teresa is also the global skincare expert and ambassador for Dior. Her treatments are demanding, results orientated and deliver nourished skin with a rejuvenated glow.

Teresa wanted their journey to continue after leaving the clinic, while allowing a wider audience to benefit from her expertise at home. This led to her creating a small product range that leverages her unparalleled knowledge on what skincare products and ingredients really work, without over-claiming or over-promising. The current range includes a tightly-edited selection of key topical applications and Teresa's signature micro needling kit - unique in the market. Teresa's passion for micro needling stemmed from treating her own skin with the procedure after suffering with acne in the past, and replicating those results for a wide range of clients' skin concerns in the clinic – seeing exceptional improvements in fine lines, scarring and general skin condition.
